TASTE the GALILEE

Here at the Taste the Galilee Store, behind every product there is a story, behind every story there is a dream, and behind it - a woman or a man who dreamed it.

During this period, more than ever, your support for the local producers is exciting and not taken for granted and contributes significantly to strengthening the economic and social resilience of the entire north.

Purchases only within Israel.

In the catalog we have created for you a selection of packages that combine high-quality, original, and Galilean products from different businesses who work and live together every day. All revenues from the purchase of the packages go directly to the businesses.

Instructions For Choosing A Package From the Catalog:

Next to each package in the catalog appears a serial number and price. The price includes VAT (number 580553659), a beautiful cardboard box with a handle, a thank you and a personal greeting for the holiday with the option of branding the organization. Orders will be accepted until March 15, 2026 to ensure the delivery by the eve of Passover - with a courier, to the front of the house or to the workplace. The price does not include shipping fees. Western Galilee Now - Small Business Consortium

Western Galilee Now - a consortium for the promotion of tourism was established in 2011 by various business owners from the Western Galilee, in order to jointly promote the cultural, historical, and geographical wealth of the region. The consortium's goal is to promote tourism in the area with a direct connection between the travelers and the people behind the work and creation.

The consortium promotes proactive activities of meetings, workshops, dinners, wine tours, trips, and themed weekends, all of which are high quality and tailored to the needs of the audience, independent or organized.

The consortium manages the JNF-USA Information Center and the Taste the Galilee Store in the heart of Old Akko, at the entrance to the market. A beautiful building that underwent a strict conservation process combined with a modern and impressive design. The Information Center provides tourists from Israel and all over the world with extensive information about Akko and the Western Galilee. The center hosts changing art exhibitions and the Taste the Galilee Store, which sells premium Galilean products from the producers of the Western Galilee Now consortium.

We invite you to enter our website, to keep up to date with all the good that our Galilee has to offer, including a calendar of upcoming events, recipes, sweet corners, and various activities of Western Galilee Now.

We are waiting for you!
